

# Fibre System Plus™

## Key Ingredients

Psyllium  
Black Walnut  
Cascara Sagrada  
Cranberry  
Buckthorn

## A Total Body Cleanse

### The Foundation of Health

It is often said that health begins in the digestive system. The essential function of absorption takes place in the digestive tract and a healthy digestive system has been shown to be fundamental in achieving proper nutrient absorption. When this system is unclean, it can become an excellent breeding ground for unwanted toxins and disease that consequently are absorbed and negatively affect other systems of your body.

### What is Fibre System Plus™?

Fibre System Plus is a combination of vitamins, minerals and herbs that support the eliminative functions of the digestive and urinary systems. Each packet contains six capsules that combine their unique effects to maximize your energy generating capacity.\* Through this cleansing process, you will

discover greater energy and greater weight management support.\*

### Added Benefits

Using Fibre System Plus at the beginning of your weight management program provides nutritional support to the digestive and metabolic systems by decreasing bowel transit time, improving digestion of essential nutrients, promoting friendly flora and sequestering toxins in the bowel.\*

Enjoy the benefits of true health and weight management success when you begin your program with Fibre System Plus.
